History for [MachineLearningProject](#) / [7](#) / [assignment-07.ipynb](#)

-o- Commits on Nov 3, 2020

deleted unnecessary lines

ehehehe95 committed 2 minutes ago

plotted the centroid of each cluster

ehehehe95 committed 4 minutes ago

change iteration number to 20 and plot again

ehehehe95 committed 27 minutes ago

plotted the final cluster

ehehehe95 committed 35 minutes ago

plot the loss curve

ehehehe95 committed 38 minutes ago

[redefine the compute label in vector form](#)

ehehehe95 committed 1 hour ago

redefined loss function

ehehehe95 committed 2 hours ago

plotted the initial condition and centroids

ehehehe95 committed 3 hours ago

plotted initial graph

ehehehe95 committed 3 hours ago

random initialization

ehehehe95 committed 5 hours ago

plotted the data

ehehehe95 committed 6 hours ago

defined loss function

ehehehe95 committed 6 hours ago

defined label function

ehehehe95 committed 6 hours ago

define centroid function ehehehe95 committed 6 hours ago**defined distance function** ehehehe95 committed 7 hours ago**read dataset** ehehehe95 committed 7 hours ago[Newer](#)[Older](#)
